

Veterans who have been honorably discharged and have served during an active war period (see *dates of war*) are eligible for an assessment reduction. To receive any benefits a DD-214 (discharge paperwork) must be filed with the Town Clerks Office by October 1st.

The basic exemption is a \$6,000 assessment reduction and will be applied for the next July 1 tax bill. There is no application for this exemption and the exemption may be applied to the residence or, if no home is owned, a motor vehicle.

The amount of the exemption increases if the Veteran is disabled. In this case, the most current VA disability rating letter should be brought to the Assessor at the time you file your DD-214 or at any time afterwards.

Additional assessment reduction is available based on income – see below.
